EDUCATION

Virendra Swaroop Institute of Computer Studies

Degree in Bachelors of Computer Application

Kanpur, UP

April 2024 - Present

SJ Education Center

Degree in 10+2

Percentage: 92.4 and 89%

Kanpur, UP

2020 - 2023

EXPERIENCE

Codsoft - Remote Internship | Web Developer

Remote | Feb 2024 - Mar 2024

Interned at Codsoft, mastering web development with three projects: a functional calculator, a captivating landing page, and a professional portfolio. Hands-on experience in crafting dynamic, visually appealing web applications using HTML, CSS, JavaScript, and Bootstrap

SKILLS

Programming Languages: Java, JavaScript, Python, C, HTML

Libraries/Frameworks: ReactJs, ExpressJs, BootStrap, Redux, React Router, Nodejs

Tools / Platforms: Git, Github, Postman, GSAP, Web Sockets, VSCode, LeetCode

Databases: MongoDB, SQL

PROJECTS / OPEN-SOURCE

Portfolio | Link

ReactJs, GSAP, Interactive UI/UX

- Created a personal portfolio website showcasing projects, experience, and skills with GSAP-powered smooth animations and dynamic transitions.
- Implemented modular, scalable design using React with React Router for seamless multi-page navigation.
- Designed a fully responsive layout ensuring an optimal viewing experience across all devices.

Taskify - a ReactJs Application | Link

ReactJs, Redux, NodeJs, ExpressJs

- Built a responsive todo list web app which helps user in thier task management.
- Implemented dynamic rendering of todo items using the 'TodoListComp' component, where tasks are displayed in a responsive grid layout. It also allows the deletion of any task for better user experience.
- It features localStorage for persistent data storage and a modular design with React Router for smooth navigation and scalability.

Algolens | Link

GSAP, DOM Manipulation, ReactJs

- Built an Algorithm Visualizer using React with GSAP-powered animations to illustrate step-by-step execution of algorithms in an interactive manner.
- Currently enhancing the platform by adding more algorithms, improving visual clarity, and optimizing performance and user experience.

CERTIFICATIONS

- FrontEnd Developer React - **HackerRank**
- Consistent Problem Solving - **LeetCode**

HONORS & AWARDS

- Secured 1st place in SRIJAN Coding Competition at DR Virendra Swaroop Institute of Computer Studies.
- 3rd Runner Up at ABS Hackathon 2025, developed an AI-powered Smart Education Platform using MERN Stack with a personalized AI chatbot for the Ministry of Education (MIC).
